Dear Chairman Kevin J. Martin:

This letter is intended to inform you of the great community and civil service conducted by Fresh 102.7 (WWFS-FM). Through my working relationships with the station's Public Affairs department, they have aired information on the importance of Cervical Cancer screening for young women through and interview with Marissa Jaret Winokur. They also conducted interviews on a weight loss initiative targeting the African American community and spearheaded by Dr. Ian Smith called the 50 million pound challenge. This is only a sampling of the information sent through the public affairs department.

The information disseminated through their airwaves has hopefully been useful to listeners in helping to improve not only their health but also their over all lives.

Please feel free to contact me with any questions. Thank you and have a wonderful day.

Sincerely,
Jovanna David
